CODE OF PRACTICE

JAGUAR CARS AND THE CODE OF PRACTICE ON VEHICLE SAFETY DEFECTS

A section of the Code of Practice agreed between all motor manufacturers and the United Kingdom Ministry of Transport requires that all safety defects which may occur in design features or construction and are subject to a campaign recall for rectification, must be notified to the owners of the affected vehicles, together with information on the action the owner must take.

Jaguar Cars not only adhere rigidly to the requirements of the code but, in addition we offer you a unique information service so that you or the owner of any vehicle manufactured by us since January 1983 can find out quickly if his or her vehicle has ever been subject to recall action, and if so, whether the defect has been rectified and by whom, or what action to take in the unlikely event that the defect has not been rectified.

All you need to do is to contact your Jaguar Dealer and give details of the vehicle as detailed on the VEHICLE IDENTITY page.

Your Dealer will record details of any work carried out on your vehicle under a Service or Recall Campaign on this page.

The policy of Jaguar Cars Limited is one of continuous improvements and the right is reserved to change details contained in this booklet at any time without notice.

THE JAGUAR WARRANTY

WARRANTY BENEFITS

The Jaguar Warranty is a comprehensive package of benefits designed to meet a high standard of aftersales care and support.

The following pages give full details of the Warranty. Please read these carefully in order to ensure that you obtain the full value of the benefits available.

For quick reference, a synopsis of the Warranty periods of cover is shown below:

VEHICLE WARRANTY (Page 8)

3 years or 60,000 miles, whichever is the sooner.

PAINT SURFACE WARRANTY (Page 12)

3 years, unlimited mileage.

CORROSION (PERFORATION) WARRANTY (Page 12)

6 years, unlimited mileage.

SERVICE ITEMS WARRANTY (Page 9)

1 year or 10,000 miles, whichever is the sooner.

All Warranty benefits commence on the day that the vehicle is handed over to the first owner (where the vehicle is operated by the Jaguar Dealer, cover will commence on the date that the vehicle is put into service).

The Warranty Statements made on the following pages are additional to, and are not intended to affect, your statutory rights.

HOW TO OBTAIN WARRANTY ASSISTANCE

Should your vehicle require attention under the Warranty arrangements, you should:

- * Take your vehicle to a Jaguar Dealer (preferably from whom it was purchased).
- * Always provide your Jaguar Dealer with full information about the nature of any difficulty as quickly as possible.
- * Always present the Jaguar Dealer with this book which will provide him with the information he needs before he can undertake a repair.

Warranty benefits commence on the date shown in the 'Vehicle Identification' section, on page 3, under Date of Delivery'.

In the event of page 3 of this booklet being incomplete, Warranty assistance may be refused by the repairing dealer until the dealer has received confirmation from Jaguar Cars Limited that the vehicle in question is covered by the terms of the Jaguar Warranty.

Your Jaguar Dealer will arrange an appointment so that you avoid having to be without the vehicle for longer than necessary.

If circumstances arise which make it impossible for you to return your vehicle for warranty or repair work to the original Jaguar Dealer from whom you bought it, you can get the work done at any other Jaguar Dealer.

THE JAGUAR WARRANTY

TRANSFER OF WARRANTY

Warranty benefits will continue to apply, regardless of any change of ownership.

However, the Corrosion (Perforation) Warranty may only be transferred if the record of annual inspections has been maintained and any rectification required has been completed.

TOURING

Jaguar Cars Limited have a comprehensive service network in most parts of the world, and your local Jaguar Dealer will be able to obtain or provide information about the service network in other countries.

Should you require Warranty Assistance when travelling in any other country, take your vehicle to a Jaguar Dealer and point out the procedure shown on page 9. For convenience, the procedure is printed in several languages on pages 9 to 11.

The Jaguar Dealer will normally undertake required repairs free of charge. However, you may be required to pay (**unless you are able to produce this booklet**), in which event you should retain any invoices, and, where possible, displaced parts so that your Dealer can resolve the matter on your return home and you can obtain any reimbursement to which you are entitled.
